LACOE Frequently Asked Questions

1. When is the course open for enrollment?

- a. If a course is open for enrollment you will see an “Add to Cart” button.

2. What happens when a course is full?

- a. If the course is full a “Wait List” button will be there, please add yourself to the wait list. If the waitlist is full then a “Request Information” button will appear. Please do not “Request Information” about when the next session will be, as we post new sessions as soon as we receive dates from LACOE.

3. How do I waitlist for a course?

- a. If a course is available for a waitlist you will see a “Wait List” button, click on the button and add yourself to the waitlist.

4. Why is there only a “Request Information” button?

- a. “Request Information” means that either the course has yet to open for enrollment or that the course is full and so is the waitlist.

5. How do I know when the next course will become available if I do not see a future course offering?
